## Tulip Fork Painting

**Purpose:** Participate in Creative Play

**Space:** Table

### Equipment:

- A selection of paint colours
- Large flat plate or several small plates/saucers
- Plastic Forks
- Paper or card to paint onto
- Paint brush
- Plastic tablecloth or newspaper to protect table surface

### Instructions:

1. Pour small drops of each of the paint colours onto a large flat plate or several smaller plates or saucers.
2. Try to leave space in between to help prevent the paint colours running into each other.
3. Press the back of the fork onto the paper or card to make the tulip petals.
4. Press the fork prongs down first and then the base of the fork to get the tulip flower shape. Repeat steps 1-3 using different coloured paints.
5. Once you've finished creating your tulip heads, you can use the paint brush dipped in paint to paint on the tulip stems and maybe some grass, the sky and sun, too.
