

## PROCLAMATION

### ENERGY EFFICIENCY WEEK

October 14-20, 2019

**Whereas:** takeCHARGE, is a joint initiative between Newfoundland Power and Newfoundland and Labrador Hydro, to bring energy efficiency awareness and programs that promote electricity savings to the residents of this province, *and*

**Whereas:** Energy efficiency is important for the citizens of St. John's and our whole province, helping reduce the demand on the electricity system and the impact on the environment, while helping homeowners and businesses save money, *and*

**Whereas:** Energy Efficiency Week is focused on getting Newfoundlanders and Labradorians the information they need to save energy and money! The takeCHARGE team can help you keep out those energy-wasting scallywags. These scallywag-busters have tips, rebates and more to help make your homes and businesses more energy efficient. takeCHARGE encourages customers to visit Kent locations this Saturday for a thermostat and insulation sale; and an opportunity to ask questions to Newfoundland Power's scallywag-busting energy experts. Saturday will also be a great time to take advantage of Instant Rebates.

**Therefore:** I, Danny Breen, Mayor of the City of St. John's, Newfoundland and Labrador, do hereby proclaim October 14-20, 2019, as Energy Efficiency Week. More information on these activities can be found at [TakeChargeNL.ca](http://TakeChargeNL.ca).

DATED AT THE CITY OF ST. JOHN'S, THE 15<sup>th</sup> of OCTOBER, 2019.
