Subject: Quidi Vidi Stop Logs

Good morning all,

With hurricane Chris expected to pass over the Avalon peninsula later today and overnight, staff have removed the stop logs from the Quidi Vidi lake. The regatta committee were advised and understood the decision. As soon as the event is over the stop logs will be replaced asap. Hopefully on Friday. It should only take a day or so for the water levels to rise with two major rivers discharging into the lake.

Public Works staff have been preparing all week for the event, hopefully it passes by quickly.

Let me know if you have any questions.

Kind regards,
Lynnann
