**Subject: Re: ATIPPA request re Trucks**

Hi Derek,

The Fleet Division is currently in the process of inspecting the trucks which have been received for tender 2015167. The remaining trucks have an expected delivery of November of this year and will be inspected after their arrival. As a result we can not provide the information requested.

It is important to note that the City does not take pictures as part of the inspection process.

Also, item 3 in the request states (Reversing) - this requirement is not in the tender specifications or any associated addendums.

Thanks
